

Minor in Technology Administration

The Technology Administration minor will provide the non-Technology Administration major students with an understanding of the essentials of technology development, practices and management. Students in business, communication studies, mass media, public administration and other areas may find the Technology Administration minor helps them to understand the technological challenges they will face in their careers.

Students must successfully complete a total of 15 credit hours as specified below.

Required Courses (9 credit hours):

- TA 300 Evolution & Development of Technology
- TA 310 Technology & Society
