Advance Registration and Open Registration for Spring 2024 are available to students on the Web. If you are eligible, you can enroll from home, work (if not prohibited by firewalls), or on campus through your MyWashburn account. The majority of students who are currently enrolled in Fall 2023 may participate.

FACTS YOU NEED TO KNOW

The groups of students who must enroll *in person* and are NOT eligible to enroll on the Web are:

- **High School Students (see page 11)**

After registering your courses, view your course schedule to make certain it is accurate.

If you change your mind about any courses, you may add and drop as often as necessary during and after your classification schedule and Open Registration. Be certain to check again to verify that your schedule did change.

The Student One Stop in Morgan Hall 101A (Morgan Hall Welcome Center) will assist those students having difficulty enrolling.

Log into **My Washburn**, go to the **Financial Services** tab, and click on **WU-View** in order to:

- ❖ Print Statements of Account from the web for your records, for reimbursement by an employer, or to send in with payment.
- ❖ Set up an installment plan and pay for it online or with more traditional methods. The setup fee becomes part of the plan balance.
- ❖ Set up a direct deposit account for refunds of excess financial aid.
- ❖ Set up a saved payment method using a checking or savings account, debit or credit card*
- ❖ Set up parents or others as authorized users. Those authorized users can then:
 - View the student's financial account;
 - Receive copies of eBills generated each month;
 - Set up automatic payment arrangements or make online payments
 - Discuss the student's account with the Business Office.

***Online credit card payments are charged a credit card convenience fee of 2.95% of the amount being paid (minimum fee of \$3.00) to cover processing costs. The fee is charged by the card processor and is non-refundable.**

WU-View eBills are sent to a student's Washburn email account near the end of each month throughout the semester and **reflect activity up to the time the eBill is generated**. Check **Current Activity** to see the most recent activity on the account. Authorized users (in WU-View) will receive these eBills as well, unless the student revokes the authorization.

Information accessed via the web is the most current available to the student. **Students should check their account balances periodically to watch for changes to their account.**

Liability for Charges

Once a student has enrolled in classes, they are **liable for tuition and fee charges unless the student withdraws from classes via the web prior to the start of class**.

Student fees are non-refundable once the term begins. Tuition charges for courses from which a student has withdrawn will be removed from the student account according to the following schedule* for Spring 2024:

Through January 26, 2024.....	100%
January 27 – February 2, 2024.....	40%
February 3 – February 9, 2024	20%
After February 9, 2024.....	0%

***Tuition charges for classes that are LESS than full term from which a student has withdrawn will be removed according to a prorated schedule available on the Business Office website under Tuition Refunds/Refund Dates by Course. Contact the Business Office at (785) 670-1156 if you have questions.**

Having tuition charges removed from the student account does not necessarily mean there will be a refund.

In fact, if withdrawal from one or more classes results in having financial aid removed as well, the student may owe a balance. **Students considering withdrawing from one or more classes need to be sure that the financial implications are clearly understood before withdrawing.**

If a student withdraws from one or more classes in which they have enrolled, it may be necessary to return all or a portion of the Title IV financial aid (Pell, SOEG, and loans) received for the term as required by Federal regulations. This means that if the student was refunded excess financial aid, they must repay Washburn University for the amount of aid that has been returned.

Students can withdraw from courses through the Student Academics tab on MyWashburn.

Withdrawing may result in varying effects to your student account. Please be mindful of the following and make sure to check in with corresponding departments:

- Financial Aid – Financial Aid recipients who completely withdraw from the University may be responsible for immediate repayment of funds. Eligibility for future financial aid may also be impacted. For further questions contact Financial Aid at 785-670-1151.
- Tuition and Fees – The date of a complete withdrawal will determine whether or not a tuition refund will be generated. For further questions, contact the Student One Stop at 785-670-2162.
- Residential Life – Students who live on campus should contact Residential Living at 785-670-1065.
- Veteran Benefits – Students receiving military/veteran education benefits should contact 785-670-1622.

Students who stop attending, but do not go through the Total Withdrawal process may receive a failing grade in any remaining course(s) and remain financially obligated to pay for the remaining course(s). *It may be necessary to return all or a portion of the Title IV financial aid (Pell, SOEG, and loans) received for the term as required by Federal regulations.

Please note that the Student Fee (not applicable for summer courses) is only refundable up to the first day of the term and is non-refundable once the term begins, even if the student withdraws from all classes. Refunds and/or charges due to a student leaving campus housing are governed by the terms of the housing contract.

Refunds

If a student account has a credit balance, a refund will be generated, except in the case of non-refundable payments, such as from a third party. The preferred

method of refunding excess financial aid to the student is via direct deposit to a checking or savings account, (which the student sets up in **WU-View**, Electronic Refunds). Parents will receive refunds from Parent PLUS loans in the form of a check sent by mail only.

Students who do not have direct deposit may pick up a check. Specific dates, times and places for that process are posted on My Washburn and on the Business Office Web page (washburn.edu/business-office). Students may also request that a check be mailed. Students can update their mailing address through their MyWashburn account. **PLEASE** make sure that your address information is correct. Checks not picked up after 7 to 10 business days are mailed to a student's **current** address if one is available. Checks issued at the first disbursement for the Fall and Spring terms may be held longer before being mailed unless the student contacts the Business Office and requests the check be mailed.

Due to the unique nature of the various programs offered, cancellations and refunds for **non-credit** offerings may be different depending on the program or course. If a student is unable to attend a course, they should refer to the cancellation and refund policies established for each program as indicated in the program brochure, on the program web page, or contact the coordinator responsible for the program. If a policy is not specified, the program office must receive the request for a refund no later than three (3) business days prior to the start of the program to receive a full refund. No refunds will be granted once the program begins.

Delinquent Payments

Unpaid balances are subject to the imposition of late charges and may incur collection fees should we need to use a collection agency to recover the balance. Additionally, a Business Office hold will be placed on the account, which will prevent the release of transcripts and diplomas, as well as preventing enrollment in subsequent terms. **ALL outstanding charges must be paid before enrollment in subsequent terms will be permitted.**

Late charges are applicable to those students who have not paid their outstanding balances or set up an installment plan by the payment deadline. Students who do not meet this deadline are charged a single late fee **according to the number of credits** in which they are enrolled:

Credits	Late Fee
0.5 – 3.00	\$ 25.00
3.50 – 6.00	\$ 50.00
6.50 – 9.00	\$ 75.00
9.50 or more	\$100.00

Late installment fees are applied to those students who are enrolled in a payment plan but have not paid their installment payment on or before the due date specified.

Late installment fees are \$25.00 for each late or incomplete payment.

Installment payments can be made at the cashier windows, Morgan Hall 103 (east of the main lobby) during regular business hours. Payments can also be made by Mail or 24/7/365 via WU-View. No payments can be made over the telephone.

Students expecting financial aid should check to make sure it is released to their student account by the payment deadline. If a student's financial aid is delayed because their FAFSA was not submitted in a timely manner, or other requirements to receive financial aid were not completed in a timely manner, the student will still be obligated to meet the **January 26, 2024 payment deadline**. If the application of financial aid to the student account is delayed through no fault of the student, the

late charge will be waived provided the student has paid any balance that will not be covered by financial aid by the payment deadline above.

Additional Information

Classes added after the initial enrollment will be charged 100% of the tuition rate. (Tuition and/or fees are never prorated.)

Tuition charges for classes from which a student has withdrawn will be removed according to the schedule given above. There are a few exceptions; such as transferring from one section of a class to another (e.g., EN300A to EN300C).

The tuition charge per credit hour is applicable to all parts of term such as regular semester, evening programs, etc., whether taken for credit or audit.

THE WASHBURN TRANSFORMATIONAL EXPERIENCE (WTE) AT WASHBURN UNIVERSITY

The Washburn Transformational Experience (WTE) is a one-of-a-kind program available to all Washburn University undergraduate students. The main objective of the WTE program is to transform students into a new kind of individual (i.e., think or act in a way different from before). The WTE goes beyond the everyday classroom experience. Students, under the guidance of a faculty member of their choosing, have the opportunity to participate in an activity that reflects their interests and that will enhance their lives. Students are strongly encouraged to complete more than one of the transformational experiences listed below. Students interested in completing a WTE should contact a faculty member of their choice or the appropriate WTE Area Director (below).

Community Service

***Purpose:** Students who have engaged with faculty members and other students in significant, meaningful community service, and who have been guided to reflect on the power and purpose of these experiences, graduate from the University as citizens who are not resigned to accepting the community as it is but have a vision for how they can help make the community better.*

International Education

Baili Zhang, International House, (785) 670-1051

Tina Williams, Coordinator of Study Abroad Programs, International House 785-670-2095

Leadership

Dr. Lauren Edelman 408, (785) 670-2001

***Purpose:** Students who serve in leadership roles are transformed by improved self-understanding derived from practical experience and examination of inspirational examples of selfless leadership service; they graduate from the University as citizens who recognize the abundance of leadership opportunities and are ready to accept the mantle of responsibility that comes with these opportunities.*

Scholarly or Creative

Dr. Lindsey Ibanez, Henderson 218, (785) 670-1610

Transfer Students

Transfer students who have attended a postsecondary institution must submit an official transcript from each regionally accredited post-secondary institution listed on their admissions application. To be official, transcripts must be sent directly from each school to the Office of Admissions at Washburn University. Faxed transcripts are not considered official. If the student has completed fewer than 24 college or vocational hours and is degree seeking, additional material may be required for admittance.

Entering degree seeking transfer students must have an application, \$20 processing fee, and all transcripts on file in the Office of Admissions by the respective beginning term deadline. Those students unable to meet the minimum admissions standards due to unusual circumstances may be considered on a case-by-case basis by the Director of Admissions. Transfer students desiring additional information should call (785) 670-1030.

Regular admission for transfer students is based on number of hours completed and cumulative GPA.

- 90+ cumulative hours ≥ 1.9 -1.99 cumulative GPA

Credits and grades earned in courses which are not acceptable from a transfer school will not be counted in the final grade point average or total hours earned at Washburn University.

To determine whether transfer coursework has been approved as satisfying Washburn University's general education program, students can access the on-line transfer guide at washburn.edu/transfer-guide. A general education transfer application process is available to students who believe a transfer

course meets the spirit and intent of the Washburn University general education criteria. The application is available at washburn.edu/faculty-staff/faculty-resources/policies-forms/forms/gen-ed-transfer-petition.pdf. Students should work through their academic advisors to pursue this option.

Transfer students who have completed a baccalaureate degree at an accredited institution of higher education are considered to have satisfied general education requirements and are therefore not required to meet Washburn University's specific general education requirements.

This includes all aspects of the general education degree requirements and the University requirements. Courses satisfactorily completed in the Arts & Humanities, Social Sciences, and Natural Sciences & Mathematics as part of an AA or AS will be accepted towards credit in the appropriate general education distribution area. Washburn baccalaureate graduates who are returning to pursue an additional degree are considered to have satisfied general education requirements in the same manner as transfer students.

At least 60 hours of the 124 hours required for the baccalaureate degree must be taken at a 4-year college or university.

Returning Student Reactivation

Students who attended Washburn University after 2004, and wish to come back, may be eligible to complete the reactivation process. Those wanting to go through this process must submit the online reactivation form (<http://washburn.edu/admissions/apply.html>) and an official transcript from each regionally accredited post-secondary institution attended, if not previously submitted. A letter and email will be sent to students within 3-4 business days notifying them of their status and additional instructions.

Students will be reactivated in the same status in which they left. Any student who wishes to change statuses (e.g. non-degree seeking to degree seeking, undergraduate level to graduate level, or from a high school student to a regular undergraduate student) must submit a new application for admission. Students who were academically suspended may use this form, but must contact the Advising Office (785 670-1942 or advising@washburn.edu) to complete the process for academic reinstatement. These students will not be reactivated until approval for reinstatement is received.

Returning students desiring additional information should contact the Student One Stop at (785) 670-2162.

Academically suspended students who have not attended Washburn for at least one full semester (not including the summer session) may be eligible for academic reinstatement. For information, please call the Advising Office, (785) 670-1942, or email advising@washburn.edu.

Non-degree seeking individuals or non-credit community auditors are required to submit an application only.

High School students may enroll for 6 hours maximum after submitting an Application for Admission and a completed Request to Enroll Form. Senior Academy students can be enrolled for more than 6 hours.

***Transcripts:** To be official, transcripts **must be sent directly** from each previously attended institution to the Office of Admissions.

Financial Aid

Washburn University provides financial aid assistance through scholarships, state programs, federal grants, federal work study, and federal student loans.

Scholarships

Washburn University Academic Scholarships may be available to incoming, direct from high school, freshman and transfer undergraduate students who meet the specified criteria (minimum cumulative GPA requirement, ACT scores, enrollment criteria and the priority date of December 1) based on availability of funds.

<https://washburn.edu/scholarships>

Washburn University Academic Scholarships are available up to a maximum of eight consecutive undergraduate semesters or until one graduates with their 1st Bachelor's degree, whichever comes first. To qualify for renewal of academic scholarships each year, students must maintain a required Washburn University cumulative grade point average, as indicated online at www.washburn.edu/scholarships (per each award) and complete and pass at least 24 Washburn credit hours between the fall and spring semester. Visit <https://washburn.edu/scholarships> for more information.

In addition, Washburn University academic departments have various scholarship opportunities for students within their programs of study. Visit your academic department's website for more information.

Federal Financial Aid

Federal financial aid is awarded based upon remaining financial aid eligibility as determined by the Free Application for Federal Student Aid (FAFSA) and Satisfactory Academic Progress www.washburn.edu/financial-aid. Students must apply for financial aid each year by completing the FAFSA on the web at <https://studentaid.gov>. Washburn's federal school code is 001949

The FAFSA becomes available each year in the fall for the following academic year. To be considered for limited-campus based funds, eligible students should complete their FAFSA as soon as possible.

All financial aid and scholarships must first apply to students' tuition and fee charges. Any excess financial aid may be issued to the student as a refund.

For more information, contact the Financial Aid Office at 785-670-1151, or stop by the Student One Stop in Morgan Hall.

Drop/Adds (Class schedule changes)

Drop/Adds can be done any time the Web is available to you up to the last day to withdraw. You can keep track of schedule changes by checking your account on the Web. **DROPS AND ADDS ARE CALCULATED SEPARATELY**, so in order to drop and add an equal number of class hours without any charge, you must do that within the published 100% refund period (**pg 10**).

Making changes to your course schedule may cause a change in your financial aid and/or may cause you to have a financial obligation to the University. Please check this via **my.washburn.edu**. If an action causes you to have a credit balance, the credit will either be applied to your account, if you

have a balance, or the excess will be direct deposited or mailed to you in check form according to your instructions. Please be sure your address in My Washburn is correct.

Procedures for Withdrawing from Classes

Students may withdraw from semester course(s) on the Web until the last day to withdraw Friday, April 19th. The date of withdrawal is determined by the day the withdrawal is processed on the Web. The responsibility for completing the withdrawal process rests with the student. Failure to officially withdraw results in the recording of "F" grades at the end of the semester/term, and in being responsible for all assessed charges. Specific deadlines for all courses, including out-of-sequence courses, can be found on My Washburn by selecting the **Student Academics Tab** and then selecting **Last Day deadline for courses** under the **Additional Registration Information** section.

Procedures for Total Withdrawal from the University

Students may withdraw from all semester courses on the Web until the last day to withdraw, **Friday, April 19th**. The date of withdrawal is determined by the day the withdrawal is processed on the Web or the date the student contacts the official notifying body based on their classification:

- Undergraduate/Graduate – Student One Stop at total-withdrawal@washburn.edu
- Law – Donna Haverkamp at donna.haverkamp@washburn.edu
- Military Students – Diversity and Inclusion at militarybenefits@washburn.edu

The responsibility for completing the withdrawal process rests with the student. Failure to officially withdraw results in the recording of "F" grades at the end of the semester/term, and in being responsible for all assessed charges. Specific deadlines for all courses, including out-of-sequence courses, can be found on MyWashburn by selecting the Student Academics Tab and then selecting Last Day deadline for courses under the Additional Registration Information section.

Students who stop attending, but do not go through the Total Withdrawal process may receive a failing grade in any remaining course(s) and remain financially obligated to pay for the remaining course(s).*

*Please see the Semester Calendar on page 2 of this Registration Information Guide for tuition refund dates and applicable percentages.

Military Withdrawals

Students who are called to active duty and must withdraw from classes as a result, should contact the University Registrar in Morgan Hall (785) 670-1074. If the student has received Title IV federal financial aid, then the current "Return of the Title IV Funds" policy will be applied according to PL 105-244, Sec 484B, 64FR59016.

Medical Withdrawals

If a student is unable to complete a semester or term due to serious illness or injury, the student may withdraw from courses by the Last Day to Withdraw (April 19). Withdrawal DOES NOT CHANGE the student's financial obligation to the University. For withdrawals with a medical basis after that date, students must present an affidavit signed by a licensed health care provider certifying the circumstances. This affidavit, as part of a Medical Withdrawal information packet, is available in the Student One Stop in Morgan Hall 101 (Morgan Hall Welcome Center). The completed form should be directed to the Office of the **Vice President for Academic Affairs (VPAA)**. If the request relates to a semester other than the current one, the VPAA Office must also approve the academic withdrawal. Based on an approved request, the student will be withdrawn from all their courses, and will receive a "W" on their transcript for those courses. There will be NO REFUND for this procedure. Only withdrawals processed during the published refund schedule (page 7) will generate any kind of refund of tuition and fees. If the student has received Title IV federal financial aid, then the current "Return of Title IV Funds" policy will be applied according to PL 105-244, Sec 484B, 64FR59016.

Withdrawal Due to Death of Student

If a student should die during a semester/session in which the student is duly enrolled, the student's estate will be refunded the tuition and fees based on the above stated policies. To initiate this process, the family may contact the Student Life Office in Morgan Hall 240, (785) 670-2100.

Attendance

Although the responsibility for withdrawing from courses rests with the student, an instructor, after due notice to the student, may request withdrawal of the student from a course because of non-attendance through the same date as the last day a student may withdraw from a course. This would NOT absolve the student of financial responsibility for tuition/fees for the course in question.

Residency

The residency status of a student for the purpose of paying tuition to Washburn University is determined at the time the student applies or reapplies to the University. If a new student questions the status that was assigned, they should contact the Office of Admissions for further information and instructions. Policies Affecting Your Rights and Responsibilities

PROCEDURE FOR CONTESTING GRADES

The following grade appeal procedure applies to the College and the Schools, not the School of Law. The obligation of the instructor to evaluate the performance of students on sound academic grounds is basic to the formal education process. A student who believes the grade awarded him/her by an instructor is based upon reasons other than the student's academic performance may appeal the grade received in a course. Students utilize the procedure outlined below to appeal the grade unless a student believes the grade was awarded based on illegal discrimination on the basis of race, color, religion, age, national origin, ancestry, disability, sex, marital or parental status or sexual orientation/gender identity. Appeals based upon complaints of discrimination follow the University's procedure for complaints of discrimination.

Consultation with the Instructor

A student must first attempt to resolve their dispute concerning the final grade received in a course through consultation with the instructor of the class. Such consultation normally shall take place following award of the grade but in no event shall such consultation take place later than the fourth week on the next regular academic semester following the award of the grade. In the event the course instructor is no longer at the University or is on a leave of absence during the semester following the contested grade or the instructor shall have refused to consult with such student, the student may proceed to the next stage, mediation by the Department Chair (where such exists). If no Department Chair exists, the next stage is mediation by the Dean of the College or School in which the course was offered.

Mediation by the Department Chair

If the student is dissatisfied with the result of their consultation with the instructor or the student shall have been unable to meet with the instructor because of the instructor's refusal to meet or absence, the student may seek mediation of the matter with the Department Chair in the unit in which the course was offered. The instructor shall make available to their Department Chair all of the materials in their possession and the criteria which entered into the determination of the student's final grade in the course. The student shall provide the Department Chair, in writing, the grounds for contesting the grade by the instructor. After receiving and reviewing these materials, the Department Chair shall meet with the student and the instructor, either jointly or separately, to attempt to mediate the dispute about the contested grade.

Mediation by the Dean of the College or School in which the course was offered

If the student is dissatisfied with the result of their consultation with the instructor and with the department chair (where appropriate) or the student shall have been unable to meet with the instructor because of the instructor's refusal to meet or absence, the student may seek mediation of the matter with the Dean of the College or School in which the course was offered. The instructor shall make available to the Dean all of the materials in their possession and criteria which entered into the determination of the student's final grade in the course. The student shall provide the Dean, in writing, the

grounds for contesting the grade by the instructor. After receiving and reviewing these materials, the Dean shall meet with the student and the instructor, either jointly or separately, to attempt to mediate the dispute about the contested grade.

Appeal to Grade Appeal Committee

If, after mediation with the Dean, as provided above, the student is still dissatisfied with the result, they may file a notice of appeal with the Dean, which shall specify the grade requested and provide a written summary of the grounds for appeal to the Grade Appeal Committee. Such notification must be received by the Dean within 10 working days of the day on which the student faculty member consultation was completed. The process shall be terminated if notification is not received within the 10 working days. Upon receipt of the notice of appeal, the Dean shall forward it and all materials submitted by the faculty member and student during the mediation process to the Vice President for Academic Affairs, the faculty member, and the student. The Vice President for Academic Affairs, upon receipt of the notice and materials, shall appoint and convene a committee of five persons comprised of three faculty members (at least one and no more than two members from the department/discipline from which the grade appeal originated and a minimum of one from other departments/disciplines) and two students from departments/disciplines outside the originating college/school to serve as the Grade Appeal Committee. The Vice President for Academic Affairs may request names of potential discipline-based committee members from the appropriate Dean and/or Department Chair. The awarding of grades that are fair and equitable is taken seriously by the University. Therefore, faculty members are urged to view a request to serve on a grade appeal committee as an important obligation and a service to the University which should be refused only under extraordinary circumstances. At its first meeting, the Grade Appeal Committee shall select its chairperson, set the date, time and place for the appeal to be heard, and review appeal materials from the Vice President for Academic Affairs. The committee shall advise the student and the faculty member of the hearing date. The Grade Appeal Committee may only request clarifying information related to the original documents of the appeal packet. Clarifying information requested from the student/faculty member by the committee should be requested through the Vice President for Academic Affairs. Any clarifying information gathered by the Vice President for Academic Affairs will also be shared with the student and/or faculty member.

Hearing

The hearing will take place before the entire Committee. The burden of proof rests with the student who shall, during the course of the hearing on the contested grade, be responsible for presenting evidence to support the claim. The hearing will be informal and the formal rules of evidence shall not be applicable. Oral testimony of witnesses may be presented but is not required. If either the student or the faculty member present witnesses, they must provide a written summary of the testimony expected of the witness(es) to the Vice President for Academic Affairs not later than five business

days prior to the date of the hearing. The Vice President for Academic Affairs will then disseminate such information to the Committee and each party within 3 business days. The student or the faculty member may be accompanied by an advisor whose only role in the course of the hearing will be to render advice to the student/faculty member. The student is required to attend the hearing. It is recommended that the faculty member attend the hearing. Should both the student and faculty member attend, they will meet with the committee jointly. The amount of time allotted to each party will be left to the discretion of the Committee. The hearing will not be audio, video, or digitally recorded.

Decision

The student will prevail only if at least four of the five members of the Committee agree that the relief (grade) sought should be awarded for the reasons stated in their notice of appeal and the student's grade be changed. The Committee shall report its decision in writing to the Vice President for Academic Affairs who will then disseminate the decision to the student, faculty member, Dean, and Department Chair (if applicable). The decision of the committee shall be final. If it is the judgment of the Committee that the grade be changed, the Vice President for Academic Affairs shall notify the University Registrar, who will enter the changed grade.

STUDENT CONDUCT CODE

The students of Washburn University are responsible for complying with policies, standards, rules, and requirements for academic and social behavior formulated by the University community. At the same time, students have protection through orderly procedures against arbitrary or capricious actions or decisions by University authorities. Due process is recognized as essential to the proper enforcement of University rules. The purpose of this document is to provide a procedure and rules by which a student will be afforded due process in the matter of alleged violations of University standards, rules and requirements governing academic and social conduct of students.

Prohibited behaviors include, but are not limited to: disruption and disorderly conduct which interferes with the rights and opportunities of other students to pursue their academic studies; theft or malicious destruction, intentional damage, or misuse of University property or private property of another member of the University community, whether occurring on or off campus; or theft or malicious destruction, intentional damage, or misuse on campus of property of a nonmember of the University community; unauthorized entry upon the property of the University or into a University facility or any portion thereof, including a computer file, which has been reserved, restricted in use, or placed off limits; unauthorized presence in any University facility after closing hours; or unauthorized possession or use of a key to any University facility; possession, use, or distribution on campus of any controlled substance as defined by the laws of the United States or the State of Kansas except as expressly permitted by law; possession or use of alcoholic beverages on campus except as permitted under policies adopted by the Board of Regents.

ACADEMIC IMPROPRIETY POLICY

The grades and credits earned by college students in their courses provide an important measure of the quality and extent of their academic achievements. Preserving the integrity and significance of grades and credits is a professional responsibility of the teaching faculty, but requires the cooperation and support of students. The present policy is designed to assist faculty and students in this task. First, it identifies the basic presumption underlying the integrity and significance of academic grades and credits. Second, it defines as academically improper, and officially forbids, all forms of student behavior that undermine, or that could reasonably be interpreted as undermining, the validity of this basic

presumption. Finally, it requires faculty to take reasonable steps to prevent such behavior from occurring and to take appropriate academic action when it does occur.

The Basic Presumption--Grades or credits are fair and equitable measures of academic achievement only on the presumption that the academic work submitted by each student is their own and is created under course conditions or rules (e.g., time and resources allowed for the completion of an examination) common to all students in that course. The moment this presumption's validity is reasonably doubted, the integrity of grades and credits as signs of actual academic achievement is seriously undermined. Therefore, it is incumbent on students and faculty alike to ensure that the validity of the basic presumption is preserved beyond any reasonable doubt.

For a complete copy of the Academic Impropriety Policy, contact the Vice President for Academic Affairs Office, Bradbury Thompson Center Suite 200. The policy is also located in the Student Planner/Handbook.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act of 1974, as amended, protects the privacy of students and provides for the right to inspect and review education records. These rights include, but are not limited to the following:

1. The right to inspect and review their education records.
2. The right to seek correction of their education records.
3. The right to file complaints concerning the alleged failures by the University to comply with the Privacy Act.
4. The right to restrict the release of Directory Information.

The Act prescribes the conditions under which information about students can be released without prior consent, some of which are listed below. For the University's complete policy on FERPA, please see the Student Records section of the University Catalog or at washburn.edu/statements-disclosures/ferpa.

Disclosure to Faculty and Administrative Officers of the University

The University discloses academic records without written consent of students to university officials who have a legitimate educational interest.

Disclosure to Parents

Students may share their education records with parents at their own discretion. Academic records may be provided to parents who make the request directly to the institution upon:

- a. Obtaining and providing the student's written consent, or
- b. Establishing the student's dependency as defined by the Internal Revenue Code of 1954, Section 152.

Disclosure to Government Agencies

Some federal and state agencies specified in the Family Educational Rights and Privacy Act have the right to student records without written consent. In addition, judicial order or lawfully issued subpoenas can secure student records without the written consent of the student.

Disclosure to Other Individuals and Organizations

The University may release certain information identified by the institution as public or directory information without written consent. Directory information at Washburn University includes: name, photo, current address and phone number, permanent address and phone number, university-assigned e-mail address, classification status, major field of

study, dates of attendance, awards and academic honors, enrollment status (full-time, half-time, less than half-time,) most recent educational institution attended, participation in officially recognized activities and sports, height and weight of members of athletic teams.

Students can “opt out” of this release, meaning the University will not release directory information without students’ written consent. To “opt out” of directory information, students submit a form to the Office of the University Registrar. The form may be submitted throughout the year and becomes effective when submitted. It remains effective until revoked in writing.

Students who do not want their name, current address, telephone number or email included in the online student directory may exclude information at any time during the year from the View/Update Campus Directory Profile under the Student Life tab in My Washburn. Students who withhold information from the online student directory are not “opting out” of directory information for FERPA purposes.

If no listing in the Commencement Program is desired, the student must notify audits@washburn.edu of this intention after first submitting an online Application for Graduation located on the Student Academic tab of My Washburn. washburn.edu/statements-disclosures/ferpa

Questions pertaining to FERPA may be addressed by contacting the University Registrar (785) 670-1074.
