

KYLER COGBURN

Kyler is graduating with a Bachelor of Fine Arts with a concentration in Graphic Design and Electronic Arts. He plans to continue with his current graphic design job at Fellowship Bible Church in Topeka and apply to graduate design programs to help further develop his graphic design education and skills. He also takes under consideration the realm of academic fine art and how graphic design ties into that as well. Throughout his time at Washburn, Kyler has volunteered to various organizations such as the on-campus food pantry: Bods Feeding Bods occasionally throughout his sophomore year which seeks to help any member of the Washburn community who has a hard time getting enough food, the Topeka Rescue Mission occasionally throughout all four years which seeks to “[bring] help and hope to our homeless and impoverished neighbors in Topeka”, and various religious organizations such as Christian Challenge on campus or various volunteer positions at Fellowship Bible Church which seek the spiritual welfare of all people in the community. During his time in the Washburn Art Department, he also was engaged in the Washburn Art Club and was the official graphic designer for the Spring 2020 semester. He also was involved and help lead a workshop in the Washburn Art Department’s High School Art Day of 2018. Kyler received the Paola Church WEA Academic Scholarship, Anton Fine Arts Scholarship, Erp Art Scholarship, Rovall/Faulk Art Scholarship, Logan Academic Scholarship, Jostens Scholarship, and the Culver Memorial Academic Scholarship.
