There is one position assigned to CAS which has not been filled. There is no Faculty Senate representative on this committee yet.

The meeting was called to order at 3:00 p.m. by Nancy Tate.

First order of business was the election of a Committee Chair. Nancy Tate was unanimously elected to serve as Chair.

The Gen Ed Committee has the additional charge of ruling on student petitions for transfer courses to be applied as gen ed credits. The petition process was explained by Nancy Tate and discussed by the committee. It was determined that in future any request unaccompanied by a petition written by the student will be returned without being considered.

There were 43 petitions to be considered. The committee broke into small teams to review and discuss the petitions. The following rulings were made:

- 28 petitions were accepted
- 11 petitions were rejected
- 5 petitions were for transfer equivalency and were referred to department chairs.

The committee will meet again after the deadline for WU courses being petitioned for acceptance as general education courses.
