CAS Faculty	<u>BDM</u>	<u>APPROVED</u>	<u>May 10, 2012</u>
Approved By:	Faculty Senate _____	University Faculty _____	WU Board of Regents _____

General Information: Change Deletion

The Department of Mathematics & Statistics is proposing a new course, MA 112 Essential Mathematics, ~~that is expected to eventually replace the current MA 110 Exploring Mathematics course. This affects the University mathematics requirement; in particular, we propose to have both MA 110 and MA 112 count as fulfilling the University mathematics requirement until such time as MA 110 is eventually deleted from the catalog.~~ The MA 112 course is being proposed as this course better meets the goals of the Quantitative and Scientific Reasoning student learning outcome. We expect to pilot one section of MA 112 in Fall 2012 and one or two sections of it in Spring 2013.

Accepted revisions in italics.

The Department of Mathematics and Statistics is proposing a university requirement change, MA 112 Essential Mathematics. *Successful completion of Math 112 with a "C" or better will satisfy the University mathematics requirement.* The MA 112 course is being proposed as this course better meets the goals of the Quantitative and Scientific Reasoning student learning outcome we expect to pilot one section of MA 112 in Fall 2012 and one or two sections of it in Spring 2013.
