

## MEGHAN MCCLOREY

Meghan is graduating with a Bachelor of Science in Nursing degree. She will begin working as a registered nurse this summer at The University of Kansas Medical Center in their hematology and bone marrow transplant unit. In the future, she plans to attend graduate school to achieve a Doctor of Nursing degree to become a nurse practitioner potentially specializing in oncology. She would also like to take part in a mission trip to offer medical care to underserved patients.

Meghan is a member of Sigma Theta Tau International Honor Society of Nursing, Gamma Sigma Alpha National Greek Honor Society, Mortar Board National Senior Honor Society, Phi Kappa Alpha Honor Society, and Alpha Lambda Delta Honor Society. Meghan is also a member of the Alpha Phi Sorority. She was in both the Peer Educator program and the nursing school's mentor program. Throughout her time in nursing school, Meghan has worked as a medical assistant at the Topeka Allergy and Asthma clinic. Additionally, she was selected to participate in an academic oncology internship at The University Kansas Medical Center where she observed and gained experience of various nursing roles in oncology including medical, surgical, bone marrow transplant/hematology, and palliative care. Meghan has received the Brisley-Phillips Scholarship, Sylvester Skoch Scholarship, and Washburn University's Academic Scholarship. She has also received Washburn's Who's Who Award, recognition for two Washburn Transformational Experiences by completing a Leadership Studies minor and a Campus Action Project, has been on the President's Honor Roll each semester, and is graduating with honors.
