Yes/No questions

- If WTE were being compensated by course reduction, does it matter if you get to decide whether to take a fall or spring semester course reduction?
  - Yes = 66.7%  No = 33.3%

- In terms of banking WTE compensation, do you think faculty members should be allowed to bank as much WTE credit as they would like? That is, should a faculty member have the option to take two, three or even a full four course reduction in some future semester?
  - Yes = 52.9%  No = 47.1%
Yes/No questions (cont.)

- Do you think that there should be a limit on the number of WTE projects a faculty member can supervise in a given semester?
  - Yes = 61.1%  No = 38.9%

- Do you think that WTE credit should reflect the amount of time that a faculty member commits to supervising a given project? (e.g., 25 hours/semester = 1 WTE project, 50 hours/semester = 2 WTE projects, and so forth)
  - Yes = 75.0%  No = 25.0%

- It has been proposed that the financial compensation for supervising a WTE project would be $1,000 for those in the School of Business, $950 for Nursing, $900 for SAS, and $850 for those in the College of Arts & Science. Do you find that amount to be acceptable to you?
  - Yes = 82.4%   No = 17.6%

- If you think there should be a limit on the number of WTE projects a faculty member can supervise in a given semester, what do you think the limit should be? Write "na" if you do not think there should be limits.
  - % of individuals no limit = 41.2% (7 of 17)
  - Mean = 2.31   Median = 2   Mode = 2

Some departments will require students to complete two semesters of work to complete a WTE. Other departments require students to complete a WTE in a single semester. Do you think WTE credit should reflect the number of projects or the number of semesters a faculty member supervised projects?

- Number of WTE projects = 68.8%
- Number of semesters the faculty member supervised projects = 31.2%
