

Faculty Senate Agenda Item

Number: 06-05

Subject: Deadline Dates for Faculty Development Grants

Description: Presently, the dates to apply for Faculty Development grants occur very early in the spring and fall semesters making it difficult for some faculty to apply and therefore receive funding for various faculty development opportunities.

FINANCIAL IMPLICATIONS: None

RECOMMENDATION: The Faculty Affairs Committee requests that the Faculty Development Grant Committee review the current grants' deadline dates in order to see if these dates need to be changed to better accommodate faculty needs so that faculty can have the opportunity to take advantage of the available funding. Present deadlines are too early for some faculty to consider their options. It is also recommended that the change in deadline dates include curriculum development grants and small research grants as well as large research grants.
