XIII. Adjournment
I. The meeting of the Faculty Senate was called to order at 3:05 PM, Dr. Matt Arterburn presiding.

II. The minutes of the Faculty Senate meeting of September 23, 2013 were approved.

III. President’s Opening Remarks
Arterburn noted that at our next meeting we will be discussing changes to the language of the Tenure Policy in the Faculty Handbook. Standardization of language will assure that the probationary period for tenure is consistently defined as 6-years. Moreover, additional language regarding the procedures for the recommendation for tenure will be offered.

IV. Report from the Faculty Representative to the Board of Regents
None

V. Report from the VPAA, Dr. Randy Pembrook
Pembrook began by thanking the faculty for their input into Vision 2022, a document which provides a forward looking perspective on Washburn University based on the five goals of academic excellence, educational opportunities, community connections, an appropriate living/learning/working environment, and fiscal stewardship. Vision 2022 will go before the Washburn Board of Regents on October 31.

Pembrook added that Vision 2022 is a separate document from the strategic plan. It might be considered an extension of the strategic plan, however. The strategic plan will remain in place and be updated in the future.

Pembrook then turned his attention to the University’s comprehensive fundraising campaign, the goal of which is to raise $100 million by 2016. The campaign will raise specific amounts in relation to its Four Pillars: student scholarships, faculty support, campus facilities, and annual giving.
Pembrook reported that the University has undertaken an initiative to assess and improve the collection, management, and use of data for operational and strategic analysis. The Data Management and Analysis (DMA) Steering Committee has already contacted data users at the University, and a vendor will assist in the project so that objectives will be met in a timely way. Training opportunities which will upgrade faculty and staff skill sets will occur. As data will become more accessible, greater opportunity for professional resources from Institutional Research and Information Technology will assist with the strategic use of data. Restructuring of resources will assist in this process.

In conclusion, Pembrook announced that the November 7 Faculty Dinner will center around defining aspects of the Center for Teaching Excellence and Learning (C-TEL), part of the quality initiative project.

  - Seconded: Bill
  - Approved unanimously

Old Business:
- Discussion of Faculty Handbook Promotion and Tenure Subcommittee Recommendations (attached below)
  - Group decided to begin discussion of the 9 items presented by VPAA Randy Pembrook at the last meeting.

negative decision on the other (promotion) thus designating an individual as a tenured assistant professor. Other units may decide to combine the two decisions such that a negative decision on one (promotion) automatically leads to a negative decision on the other (tenure). Units retain autonomy to decide which approach to use. The VPAA will work with academic unit deans to create development opportunities for tenured, assistant professors.

Comment [M1]: Reword this to indicate consensual, collaborative process. Something to the effect of "The faculty member, Unit Dean and VPAA will collaborate to create development opportunities for tenured assistant professors."

Item 2

Individual academic units (departments, schools, the College) will review promotion and tenure processes and standards to determine if they reflect current practices and values. The Vice President for Academic Affairs will ask all units to review Handbook policies relating to Promotion and Tenure by May 1, 2014. (see Memo dated January, 2013)

Comment [M2]: This may be the case but T/P document review should occur on a regular schedule.

Item 3

Individual academic units will create an exhaustive list of terminal degrees (e.g., MFA, EdD) which will be considered during the promotion and tenure review process. This list will be submitted to the Office of the Vice President for Academic Affairs by May 1, 2014 and will be shared with Institutional Research and the academic unit promotion and tenure review committees. (see Memo dated January, 2013)

Comment [M3]: These lists should be updated on a regular schedule. Could this also be linked with the Program Review Process?

New Business:

- Definitions and General Faculty Changes to Faculty Handbook (attached below)
The committee did not have an opportunity to discuss these but we will review and discuss with our constituencies before our November 4 meeting.
Margaret agreed to send out clean copies of the 9 proposed items from last week and the changes to definitions to committee members.

Discussion Items:
- Schedule to move some items along to Faculty Senate
  - We agreed to meet with our constituencies before November 4.
  - In order for this plan to work Margaret will have to e-mail any Action Items to Mary Sheldon before the end of the day on Nov. 4 for these items to get on the FS Agenda for the meeting the following week.

Summary
The total amount awarded during this meeting: $7,191.94. The total funds available for FY 2014 is $10,000.00, which leaves the balance of $2,808.06 for spring distribution.
Dr. Tim Peterson called the meeting to order at 12:04 p.m.

Those present included:

Phyllis Berry, Bob Boncella, Shirley Dinkel, Kim Harrison, Andrew Herbig, Martha Imparato, Shelbie Konkel, Donna LaLonde, Bruce Mactavish, Pat Munzer, Randy Pembrook, *Tim Peterson, Dave Provorse, Monica Scheibmeir, Courtney Sullivan, Cindy Turk, Kayla Waters, Harrison Watts

1. A motion was made to approve the meeting minutes and was seconded. Graduate Committee Meeting Minutes from April 3, 2013, were approved without objection.

2. Dr. Peterson asked Dr. Watts to present the Hours/Fees Subcommittee’s findings:
   Dr. Watts provided a handout with the hours & fees for several area universities, including Pittsburg State, Fort Hays, Emporia, Wichita State, and Friends:
   - With the exception of Friends University, Washburn is on the upper-end of graduate tuition prices.
   - Except for Fort Hays University & Friends, area schools charge more for non-resident students.
   - Considerable difference arises when fees are added to the tuition amounts.
   - Online credit hours are often the same regardless of student residency

   Discussion arose regarding the pros and cons of a single rate regardless of residency status.

3. Dr. Peterson asked Dr. Provorse to present the findings of the Numbering System subcommittee:
   Dr. Provorse presented a draft proposal to the Faculty Senate of a course numbering from November 2008 (handout). The course numbering system in this draft proposal is most like what the subcommittee would recommend to replace of the current system at Washburn.
   Dr. Provorse asked Dr. Waters to present the current numbering system used on campus (handout provided):
   - Most programs follow the 100 – 400 numbering system for undergraduate courses
   - Most programs follow the 500 – 700 numbering system for graduate courses
   - Notable exceptions: Education, MBA program and DNP program. They are notable because of cross-listing, prerequisites, and the like.
Dr. Waters noted some reasons for changing the current numbering system was consistency across programs and ease of identification in catalog. There are no financial aid barriers. The registrar identified no problems with the change. Banner could handle the changes.

Dr. Waters pointed out reasons not to change the current numbering system.

- Resources and cost of revise multiple incarnations of the numbering system in catalog, Banner, handbook, bulletin, advising forms, etc.
- Degree audits would be affected in the short term
- Program specific needs may be counter to new numbering system.

Dr. Scheibmeir said that changes to course numbers would mean that the School of Nursing would have to present them to their accrediting bodies. She did not think this was reason enough not to make the change. She wants to create now what we want to be in place 5 or 10 years from now.

Dr. Munzer suggested that if we implement this change in course numbering we have to streamline the process. To expect units to produce a course change as it currently stands would result in mounds of paperwork and widespread resistance to the process. One sheet with all the changes in course numbers seems sufficient and necessary for our purposes.

Dr. Boncella asked that we only focus on the number changes and not approach the policies governing course numbers.

4. Dr. Pembroke turned Committee’s attention to one order of business. In an effort to streamline the process of appointing a senator to the Graduate Council, Dr. Pembroke offered to identify a Graduate Committee member who was also a senator. Dr. Berry identified herself as someone willing to serve as the Faculty Senate representative on the Graduate Council.

Dr. Pembroke adjourned the Graduate Committee meeting at 1:00 p.m.

*ex officio*
Present: Michael McGuire (Chair), Jennifer Ball, Kelly Erby, Pamela Erickson, Danny Funk, Michael Gleason, Martha Imparato, Eric McHenry, Denise Ottinger, Bassima Schbley, Brad Turnbull, and CJ Crawford (Administrative support).

HONORS STUDENT COUNCIL REPORT
The University Honors Program is having a retreat on Saturday, September 7 from 10:00 a.m. to 2:00 p.m. in the Kansas Room. Lunch will be at noon in Washburn B and Michael Gleason from Leadership will be speaking.

UNFINISHED BUSINESS
Benchmarks from Last Year
In April, Michael assigned member schools of the Great Plains Region Honors Council to board members to review to see 1) if there is a tiered system for honors completion, 2) is there anything on the web site indicating if and how faculty are compensated or recognized, and 3) is there anything that stands out about the school’s program and/or their web site. He has received some information but will send a reminder email so he can give a summary of the findings at the October meeting.

NEW BUSINESS
Review of Honors Advisory Board Subcommittees
Board members were asked to sign up for either the curriculum/appeals or the admission/scholarship subcommittees. Michael briefly reviewed the purpose of each committee. He would like to meet with the members of the admission/scholarship subcommittee to review the honors application process and essay. He is adopting Jennifer Ball’s suggestion for scholarship review and will send a packet to each member asking them to rank each student based on criteria that still needs to be decided.

He also wants to meet with the curriculum/appeals subcommittee to talk about an honors curriculum and to develop an appeals process by the end of the year for students who have been dropped from the program due to low g.p.a.

COURSE PROPOSALS
Approximately 5 course proposals for Spring 2014 have been received and a couple more are expected.

GOALS FOR SEMESTER AND YEAR
1. Focus on the critical thinking student learning outcome this year. Suggestions were asked for on assessment methods that wouldn’t add a lot more work for the professors teaching the courses.
2. Address curriculum development.
3. Develop an assessment plan for Honors to submit by June 30, 2014.
A long term goal is to create an Honors College.

ANNOUNCEMENTS
None.

The next meeting is Wednesday, October 2 at Noon in the Cottonwood Room.
The meeting adjourned.

FACULTY AFFAIRS AGENDA ITEM

Date: November 4, 2013

Submitted by: Faculty Affairs Committee (Margaret Wood, Chair, 785-670-1608)

SUBJECT: Standardization of language throughout the Faculty Handbook to assure that the probationary period for tenure is consistently defined as 6 years.

Description: The changes below will make the Handbook and the timing of tenure consideration consistent across the university. The proposed changes will define the probationary period that a faculty member must serve before being considered for tenure as 6 years.

Rationale: There are inconsistencies throughout the Faculty Handbook regarding the number of years that a faculty member must serve in a probationary capacity before being considered for tenure. In some sections of the Faculty Handbook the probationary period is defined as 7 years; in other sections the probationary period is defined as 6 years. This has resulted in confusion about the timing of tenure review across the university.

Financial Implications: none

Proposed Effective Date: All future faculty hires beginning in 2013-2014 for the 2014-15 year will be under the 6-year probationary period. In the new policy, faculty receiving a terminal contract will not be reviewed again for tenure in year seven. Faculty hired under the 7-year understanding will be reviewed as outlined in the original contract letter.

FACULTY AFFAIRS AGENDA ITEM

Date: November 4, 2013

Submitted by: Faculty Affairs Committee (Margaret C. Wood, Chair)

SUBJECT: Addition of language to the Faculty Handbook (Section 3) regarding the Procedures for Recommendation for Tenure. Added language will establish a policy that creates pathways for faculty members, unit heads, chairs, and deans to collaboratively establish development opportunities for faculty who are granted tenure but are not promoted to Associate Professor.

Rationale: Why is this being recommended? For curriculum items, rationale should include student learning assessment data used for curricular change. Rationale may also include, but not be limited to, labor market data, enrollment increase/decrease, accreditation requirement changes, and student course feedback information.

In almost all Academic Units at Washburn University, tenure and promotion are considered as two separate decisions. Over the last ten years, approximately 20 faculty members have been awarded tenure but have not been promoted in rank to Associate Professor. A variety of circumstances can lead to this outcome. The addition of language to the Promotion and Tenure section of the Faculty Handbook is designed to help promote professional development and career advancement of faculty. The words “consensual” and “collaborative” are purposefully used to assure that faculty members do not feel coerced into seeking a higher rank if they do not choose to do so. It is the right of a faculty member to choose to pursue promotion or not to pursue promotion.

Financial Implications: Costs involved (none, new faculty, adjunct replacement, additional operating costs, etc) None

Proposed Effective Date: Identify the implementation date of the proposed agenda item.

Changes will be effective upon final approval of the Faculty Handbook by the General Faculty.
