Miss Edythe Squier Draper  
Oswego  
Kansas

Dear Miss Draper:

Although we were not able to give you one of the Fellowship Awards, we want you to know that your project THE FRUIT AT SINGAPORE was one of the top few given special consideration by the Fellowship Committee. We believe that your story will be an unusually appealing one when it is finished, and for this reason we hope to be given the privilege of considering it as a regular manuscript.

We thank you for your interest in our Fellowship Contest, and are returning your material under separate cover.

Sincerely yours,

*Margaret A. Jackson*
