Dear Beulah,

A short note in the middle of a very hectic Monday morning!

Enclosed you will find a most interesting article which I just received. It is entitled "Joseph Stanley Pennell, Rome Hanks and Kindred Matters." It appeared in the ESSAYS IN ARTS AND SCIENCES Quarterly of the University of New Haven.

Some time ago, as I wrote you, I had been in contact with Douglas Robillard of the New Haven Faculty. He had asked me to write something for publication but I had to beg off. I did, however, offer my good offices and whatever help he might care to have. I felt strongly that the book ought to be featured rather than any personal data about me.

In any case, the article is the result (as Robillard briefly notes on page #93) and I am very pleased with it as I am sure you will be. I have written to him(a few minutes ago) asking if he might have another copy of the Quarterly sent to you. I don't know if he'll comply with my request but we'll see.

Sorry to be so brief this time but I've just run out of time before my next class.

Stay well!
