

## **JUSTINA BAYLESS**

Justina is graduating with her Bachelors of Health Science in Health Services Administration. In May of 2016, Justina graduated with honors from the Occupational Assistant Program here at Washburn University. She will be continuing her education at the University of Kansas Medical Center in the Masters of Occupational Therapy Program this summer. After the program, she plans to work in an acute rehabilitation facility in her home state of Kansas.

Justina currently works as a certified occupational therapy assistant at Stormont-Vail and has gained work experience working with contract therapy companies as she completed her Bachelor's degree.

During her time at Washburn University, she has been on the President's Honor Roll for the past four years. Justina received an academic scholarship for her achievements each year. She was the secretary of the Occupational Therapy Assistant Committee and volunteered spreading the word about Occupational Therapy to fellow students at career fairs and organized fundraisers for the committee. She has also volunteered with Washburn's 'The Big Event' working in the Topeka community, Stormont-Vail, Meals on Wheels and with local church groups.
