### On-Campus Quarantine Guidelines

To mitigate the spread of Covid-19 it is imperative that students who are in quarantine adhere to guidelines provided by their medical care provider and the instructions provided below. Choosing not to follow health and safety measures puts other students and community members at risk. Therefore, concerns with students choosing not to adhere to the guidelines and instructions provided to them will be addressed through the University's student conduct process.

1. Students in quarantine must not have guests.
2. Stay in your room and avoid close contact with others.
3. Wear a face mask anytime you are not in your room.
4. Do not attend school, work, or other settings where you cannot maintain a 6-foot distance from other people.
5. It is acceptable to leave your room to exercise outdoors as long as you adhere to 6-foot physical distancing guidelines and wear a mask that covers your nose and mouth. Plan to work-out alone and stay close to your residence hall (within 2 miles).
6. Meals will be made available via Dining Services. Please reference the [meal guide](#) for instructions on how to order food during quarantine. Meals will be delivered outside your suite door. You will be contacted when your meal is delivered and it will be your responsibility to get the meal from right outside your suite door. You must wear a face mask while getting your meals. Meals will be deducted from your meal plan.
7. Dining Services will provide you the opportunity to order items from the Corner Store. The cost of these items will be deducted from the student's Dining Dollars; students who come to early quarantine will also pay for Corner Store items out of their Dining Dollars.
8. If you should need medication or other necessities, have a friend, family member, or delivery service deliver the items to you. They will not be able to enter into your room/suite. Contact the Residential Living Office at 785-670-1065 or the RA on Duty (this information is specific to each hall and will be provided to you at check-in) to assist you with receiving deliveries (that are necessary) and placing items outside your suite door.
9. Continue to practice standard hygiene and precautionary measures such as not sharing household items, washing your hands, and cleaning frequently touched surfaces often.
10. Do not leave personal items in the bathroom or sink.
11. Custodial Services will provide you with extra trash bags. You are to put all your trash in a provided trash bag, ensure items will not fall out by knotting the top, and place it neatly outside your suite door before 10:00 a.m. Monday through

Friday. Custodial Services will pick up the trash bag that is placed outside your suite door.

12. Laundry should not be done during quarantine as this could potentially put others at risk. If you must do laundry prior to the end of your quarantine period, please call the Residential Living Office at 785-670-1065.
13. You will be notified if a package for you has arrived. You will be provided information such as when Res Living staff will deliver your package outside your door. You will be notified when your package is placed outside your door and it will be your responsibility to get the package from outside your suite. You must wear a face mask while getting your package from outside your suite door. If possible, please limit the number of packages you receive while in quarantine to items that are needed while you are in quarantine.
14. When you open your suite door to get your meal, package, or to put your trash out, you must wear your face mask. Do not linger in the hallway or leave your door open.
15. If you should need a work order completed in your temporary room, please call the Residential Living Office at 785-670-1065 or email [resliving@washburn.edu](mailto:resliving@washburn.edu) and inform them of the problem. If it is after 5:00 p.m. and is an emergency, please call your RA on duty (number below).
16. Monitor your symptoms and if you become ill and need medical attention, call Student Health Services at 785-670-1470 or your healthcare provider.

**For Additional Information please reference the Health and Safety FAQs found [here](#).**
