

May is National Bike Month!

Established in 1956, National Bike Month is a chance to showcase the many benefits of bicycling — and encourage more folks to giving biking a try.

Local Bike Resources

The Topeka Community Cycle Project is committed to the reclamation and distribution of recycled bicycles. Through an earn-a-bike program, volunteers refurbish bicycles that would otherwise take up space in a landfill giving new life and utility to bicycles. The Topeka Community Cycle Project promotes self-reliance, sustainability, and healthful living in Topeka. Learn more here: <http://cycleproject.org/>

Want to get involved in more bicycling activities in Topeka and Northeast Kansas? Check out some of the links below on Topeka's developing bikeways system as well as clubs, shops and other local community shops!
